Cron cheatsheet

Format

```
Min   Hour Day  Mon  Weekday

 *     *    *    *     *    command to be executed

 ┬     ┬    ┬    ┬     ┬
 │     │    │    │     └──── Weekday  (0=Sun .. 6=Sat)
 │     │    │    └───────── Month    (1..12)
 │     │    └───────────── Day      (1..31)
 │     └───────────────── Hour     (0..23)
 └────────────────────── Minute   (0..59)
```

Examples

`0 * * * *`	every hour
`*/15 * * * *`	every 15 mins
`0 */2 * * *`	every 2 hours
`0 0 * * 0`	every Sunday midnight
`@reboot`	every reboot

Crontab

```
# Adding tasks easily
echo "@reboot echo hi" | crontab

# Open in editor
crontab -e

# List tasks
crontab -l [-u user]
```
